Maretron Announces Appointment of ComMar Sales as New Sales Representative to the Southeast, USA Region.

PHOENIX, May 19, 2008 – Maretron, a leading developer and manufacturer of marine electronic networked instrumentation, announced today the appointment of ComMar Sales, LLC as its new manufacturer's sales representative for the Southeast USA. ComMar Sales, a highly experienced organization, will enable Maretron to continue developing and effectively maintaining new and existing authorized dealers, distributors, and boat builders throughout the Southeast region of the United States.

ComMar Sales will strive to meet the fast growing demand for Maretron products, all of which have been designed and certified to the NMEA 2000[®] networking standard. ComMar is uniquely qualified to train dealers on new product concepts like Maretron's N2KView software which is based on MS Windows.

The ComMar Sales trio of Ken Smaga, Brandon Wollard, and Doug Sanders has recently undergone training by Maretron so as to be well prepared to immediately provide professional representation in: Florida, Georgia, Alabama, Louisiana, Mississippi, and Texas.

Maretron are very enthusiastic about bringing ComMar on board and believe that with ComMar's marketing expertise combined with a strong set of technical skills, the Southeast region looks to prosper from this mutual relationship.
