## Maretron Expands European Distribution

**PHOENIX**, March 31, 2009 – Maretron, a leading developer and manufacturer of marine electronic networked instrumentation, announced today the expansion of its distribution network in Europe. “In the process of our technology and product line maturing,” says Larry Anderson Vice President of Sales and Marketing at Maretron, “we find it necessary to provide more comprehensive market coverage”.

Maretron’s latest distributor appointments are in Spain, France, Italy, Germany, and the Netherlands. These newly appointed companies are classically structured as two-step distributors with a dealer network for total market place coverage in their country of responsibility. The new appointments are as follows:

Spain – Disvent (Ecuador 77, 08029 Barcelona)  
France – P.S.T. (Zac de la Plaine, 1, rue Brindejonc des Moulinais, 31500 Toulouse)  
Italy – Microelit (20146 Milano, Via Sardegna 1)  
Germany – Northwest Funk (Stedinger Str. 20a, 26723 Emden)  
Netherlands – Navprofs (Schumanpark 95, Postbus 294, 7300 AG Apeldoorn)

Maretron’s existing European distributors include:

Netherlands – Alphatron (Havennummer 115, Schaardijk 23, 3063 NH Rotterdam) - continue to address the mega yacht and commercial markets of the Netherlands  
Finland – Navigreen Oy (Pursilahdenranta 2 D, 00980 Helsinki)  
Sweden – True Heading (Vendevägen 90, 182 32 Danderyd)  
Norway – Bela Marin (Sognshoy Naeringspark, PO Box 113, 1581 Rygge)

During the months of February and March, Maretron provided training to all of these distributors preparing designated company personnel for sales and support roles with the NMEA 2000® technology that Maretron products have been engineered and manufactured to.

### About Maretron

Maretron designs, manufactures and markets leading-edge networked electronics for the marine marketplace. Maretron’s products are designed to the open industry NMEA 2000® standard, which allows electronic equipment from diverse manufacturers to be networked together for sharing information throughout the vessel. Maretron’s corporate philosophy is to provide premium quality, state-of-the-art marine electronics that work together with traditional navigation techniques for the highest level of safety and performance while boating. For detailed product information visit [www.maretron.com](http://www.maretron.com).
