Maretron Relocates Manufacturing Into Larger Premises

PHOENIX, July 22, 2010 – Maretron has moved its manufacturing activities into larger premises doubling the floor space and capacity for production. The new location still allows quick access to the nearby Redmond Municipal Airport.

The new address is:

Maretron, LLP
2121 SW Deerhound Ave
Suite 101
Redmond, OR 97756

Jeff Ingelse, Vice President of Manufacturing at Maretron says, “Maretron is rapidly moving beyond what can be considered as a start-up company and has more recently been stretched by the sales success for our vessel monitoring products. This new facility not only provides relief, but also room for future expansion.”
