

## Thank you for purchasing the Maretron SIM100 SMS (Text) Module!

We have partnered with NearShoreNetworks to provide a SIM card for global cellular service that is already installed in your new SMS100. This SIM card offers unlimited text messaging in 212 countries (see the activation page for coverage details) for \$19.95/month plus a \$14.95 one-time activation fee.

All you need to do is activate the service.

Here's what you'll need:

- The SIM ICCID – this is the number on the back of the SIM card carrier attached to this page
- The Device IMEI – this can be found on a label on the side of your SMS100
- An e-mail address with which to associate your account
- Your credit card information for billing

First, remove the SIM card from the carrier and install it in the SMS100 (please refer to the SMS100 User's Manual for details).

In a web browser, navigate to <https://www.maretron.com/sms100activation>.

You will see the webpage appear as below, please choose the "SMS100 Unlimited Subscription" plan option.

Next, fill out your information and click "Proceed". You will then be directed to a secure web page for entering your payment information. You will receive an e-mail acknowledgment from NearShoreNetworks, and your SMS account will be activated with one business day. If you need support during the account activation process, please contact NearShoreNetworks Activation Support at 1-844-526-2627 ext. 2.
