

## **Why doesn't the DST100 work when it is out of the water?**

Article Number: 198 | Rating: Unrated | Last Updated: Thu, Jul 16, 2015 10:01 PM

The DST100 was designed to operate in water, not air. Sometimes you may get a reading in air, but the reading will not be accurate because sound travels slower through the air than water.
