

Can I change the direction the elbow points for a 90 degree field attachable connector?

Article Number: 493 | Rating: Unrated | Last Updated: Wed, May 24, 2017 5:15 PM

Yes, you can change the direction the elbow points for a 90 degree field attachable connector. When you assemble the field attachable connector, you can adjust the direction in which the elbow points by rotating the insert into one of the four available positions.
