

What type of solderless connector is ideal for connecting sensor wire to Maretron multi-channel products?

Article Number: 538 | Rating: 5/5 from 1 votes | Last Updated: Tue, Jul 28, 2015 8:51 PM

A #4 Nylon Double-Crimp Insulated Ring Terminal(P/N:WT-651045) is the ideal choice when connecting sensor wire to any of Maretron's multi channel devices.

The following link provides a great color selection to choose from:
