My cellular provider is requesting the SMS100 IMEI number. What is a IMEI number? Where can I find this number on my SMS100?

What is a device's IMEI number?

"Every mobile phone, GSM modem or device with a built-in phone / modem has a unique **15** digit IMEI number. Based on this number, you can check some information about the device, e.g., the brand or model or the device.

You can find more information about the IMEI number at the following website:

- *www.**imei**.info*

Where can I find this number on my SMS100?

Each Maretron SMS100 has a unique IMEI number that can be found inside the SMS100 enclosure. Remove all four screws to open the SMS100 device. When the device enclosure has been opened examine the GSM module with the Ublox logo. On the module, look for the unique IMEI number that has been printed underneath the Ublox logo.

Figure A highlights the location where your IMEI number can be found.
